Re: USITC's Freedom of Information Act Request 12-07

This is in response to your e-mail dated December 10, 2011, which we received on December 13, 2011. In that document you requested, pursuant to the Freedom of Information Act (FOIA), (1) an electronic copy of the records provided to the Honorable Chairman Darrell Issa in January 2011 relating to the administration of the Freedom of the Information Act and (2) a copy of any correspondence sent to the Honorable Chairman Darrell Issa on the subject of the January 2011 inquiry, and any correspondence sent during the calendar year 2011 to Chairman Issa's office on the subject of FOIA.

We have found documents responsive to your request. A portion of your request is being provided on CD in excel and bracketed where information is being withheld. The Commission has determined to withhold portions of the document pursuant to FOIA Exemption 6 (U.S.C. 552(b) (6)). Exemption 6 protects information about individuals when the disclosure of such information "would constitute a clearly unwarranted invasion of personal privacy."

The Commission makes a public docket, EDIS, available on the Internet at edis.usitc.gov. You may want to use that application's search capability for further research.

Please feel free to call me or Jacqueline Gross on 202-205-2000 with any questions.

Marilyn R. Abbott
Secretary to the Commission
United States International Trade Commission
500 E Street, S.W., Room 112A
Washington, D.C. 20436

Dear Ms. Abbott:

The Freedom of Information Act ("FOIA") is one of the most important tools for government transparency and accountability. In their mission to find waste, fraud, and abuse, the oversight and investigative committees of Congress, including the Committee on Oversight and Government Reform ("Committee"), are often assisted by tips, complaints, and briefings from media organizations, watchdog groups, and concerned citizens. These private-sector actors are often the first to become aware of federal inefficiency or malfeasance. FOIA allows them to scrutinize the activities of federal agencies. Without FOIA, they could not hold the government accountable, nor could they provide crucial assistance to Congressional oversight. President Obama recognized the importance of FOIA when he made it the subject of an executive memorandum on his second day in office.¹

The Committee, as the principal oversight committee in the House of Representatives with broad oversight jurisdiction as set forth in House Rule X, is very interested in ensuring that all federal agencies respond in a timely, substantive, and non-discriminatory manner to requests for information under FOIA. To enable the Committee to understand the impact of recent changes to FOIA procedures and to evaluate agencies' compliance with FOIA, please provide the following information, records, and explanations by **February 15, 2011 at 5:00 pm.**

1. Provide your agency's FOIA log(s) for the five years preceding the date of this letter, in Microsoft Excel or a similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to Section 7 of the OPEN Government Act of 2007²; (e) the date the request was closed, if it

is not still outstanding; (f) whether any records were provided in response to the request; and (g) any additional identification number or code assigned to the request by your agency for internal use.

2. On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which your agency has not yet issued a complete and final response.

3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.

4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorneys' fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.

5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.

Please note that for purposes of responding to this request, the terms "records," "communications," and "referring or relating" should be interpreted consistently with the attached Definitions of Terms.

Thank you for your prompt attention to this matter. If you have any questions regarding this request, please contact Hudson Hollister or Tegan Millspaw with the Committee staff at (202) 225-5074.
