Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Phil Gbur, Greg Weyland

1. 4 ACS requests from Dave Raglin

A. HUD

This was approved. The data will be rounded as all ACS special tabulations. The highest category for income will be \$200,000+. All income categories should be in increments of at least \$5,000. There should be at least 3 unweighted people in 3 different households with a disability in a given geography for the data to be shown. Data will not be shown for ZCTAs and SEVRAs at this time.

B. FNS

This was approved. The data will be rounded as all ACS special tabulations.

C. Employment Status

This was approved. The data will be rounded as all ACS special tabulations.

D. Poverty by Age by Type of Health Insurance

This is approved for 1 and 3 year data sets (given the standard geographic requirements). But the Census Bureau staff should consider the future 5 year data sets and decide what is most important. Do they want to change the categories to < and >= a given number? Do they only want to publish the data for large geographic areas? Do they just want to publish >1.38 and <=1.38?

2. AHS new PUF variable

This was approved.

3.

ACS ST308 Ribbon

This was approved. The data will be rounded as all ACS special tabulations. There must be at least 50 unweighted households in a given geographic area for the data to be shown. The top category for households will be 5+. (These were the requirements for the previous request.)

4. ACS ST306 Charter Oak

This was approved. The data will be rounded as all ACS special tabulations. Data will be shown for <125% (not <=125%).

5. ACS ST307 URBEK

This was approved. The data will be rounded as all ACS special tabulations.

6. ATUS

This was approved.

7. 2010 STP? Louisville, KY

This was approved. Laura is waiting to hear from Marie if this is a special tabulation or a different type of product (that will determine the rounding status).

1. Synthetic GQ Records on ACS PUMS
This was approved.
2. Armour (CES)
This was approved. DRB rules for means will be applied.
3. Synthetic Test File for WESTAT
This was approved.
4. Denny Vaughan's 8 Tables
These were approved. DRB rules for means and quantiles will be applied.
5. Jason Lindo (U of Oregon) request
This was denied. Too much detail in date of birth.
6. 2010 PUMA Summaries
This was approved because users could generate it from data that are already available.
7. Ben Reist NCSES
This was approved.
8. SIPP Quantiles (also Denny Vaughn)
This was approved. DRB rules for means and medians must be applied.
9. CES from last week
This was approved. Dollar values must be topcoded. All categories for all categorical values must have at least 10,000 weighted people in them nationally.
10. SAS Code Reconsideration from last week
This was approved, but nothing should be released that shows machine, libname, or any information about how disclosure avoidance was applied.
11. Means of SIPP Topcodes
After the meeting, Judy asked if the unweighted means were necessary. They were not, so this request was approved.
12. ACS Born before 1940 and still alive
This was approved via email.

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Phil Gbur, Greg Weyland

1. CPS Volunteer Supplement

This was approved. Continuous variables will be topcoded.

2. ACS 2011 Standard Product

This was approved. The 10,000 weighted people (national level) threshold will be applied to all categories. If an aggregate does not meet our normal threshold, then they cannot publish per capita for a given area.

3. SIPP 2008 Quarterly Tables

These were approved.

4. QWI Amendments

There are no disclosure concerns, but this should be run through the privacy and legal offices.

5. 2010 PEP Estimates

There are no disclosure problems.

6. AHS 2011

Laura will ask Tamara to come to next week's meeting to answer questions.

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Phil Gbur, Greg Weyland

1. Decennial 1960-2000 and ACS (internal 2010) tabs

This was approved. For small counts, they will use gini indices.

2. 1940 PUMS Record Layout

This was approved.

3. AHS from the last meeting

They may need to hotdeck around age thresholds. They will analyze this and provide us with the results. They will return with a formal request.

4. CBSA Exports

This was approved.

5. July 11 Computer and Internet Use

This was approved. They will topcode continuous variables and bottomcode year bought last computer.

6. CES followup questions

They need to use the 10,000 national threshold for demographic variables, but not for paradata. They do not need to topcode the new expenses being introduced this time, but they always must check with us if any new ones are added.

- b. They would have to choose a small number of variables and make sure that they would not identify geographic areas smaller than those already shown on the file.

Disclosure Review Board Minutes
3/5/12

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Phil Gbur, Greg Weyland

1. Island Areas Summary File

This was approved. The top categories should contain at least 3% of the population in them.

2. Supplemental Poverty Measure

This was approved.

3. ASM Questions

When the publication estimate consists solely of a FBD tabulation level adjustment that was derived from the prior period data of one or two establishments, that estimate should be treated as a "D" for disclosure avoidance purposes. The "prot" value in the suppression program can be low for these rare cases, but a pattern must be established so that the value cannot be derived exactly.

4. 2010 Census STP Retzer

This was approved. There must be at least 50 unweighted people in the universe in a given geographic area for the data to be shown. The data will be rounded as all 2010 Census special tabulations.

5. Census Planning Database Bates

This was approved. There must be either 0 or 3 or more unweighted housing units in an area in each mode for the data to be shown.

6. ACS SAIHE

This was approved.

7. VA period of service

This was approved (PUMS-able). There must be an average cell size of 3 unweighted cases in a given table.

8. 1960 materials

This was approved.

1. 2011 NCVS PUF Quarters 3 and 4
This was approved.
2. Tabs of IRS data by POP/LGEMP
Cells must have either 0 or 3+ counts of households for the data to be shown.
3. Food Security 2011
Continuous variables must be topcoded. Greg will ask if the exact date received is necessary. After the meeting, this issue was resolved.
4. On The Map release 6
This was approved.
5. SAHIE cancer screening rates
This was approved.
6. STP3 AOA additional table
They should only use the 7 standard types of Group Quarters (note this was modified at the next meeting). The data will be rounded as all Census 2010 special tabulations.
7. AHS Time per item
This was approved. Continuous variables should be topcoded.
8. MOPS

1. ACS 2010 ST313 Louisiana Workforce Commission

This was approved. The data will be rounded as all ACS special tabulations.

2. Parker Tables

These were approved.

3. CPS un- or under-banked

This was approved. Standard topcoding should be applied to continuous variables.

4. R&D Link Project

Cells should be suppressed (and complementary suppression applied) if both whole cell counts consist of only certainty cases and differ by one company.

Disclosure Review Board Minutes
4/23/12

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Bob Sands, Greg Weyland

1. ACS HHS Tabulation

We would like a bit more information about this tab. It seems that much of it is already available or derivable from published products. For those tables, there is no problem. For others, rounding and the standard rules for means and medians must be applied. We will ask for more information on this request.

2. 2010 AIANSF Iteration List

This was approved. There must be 100 people in the geography per iteration for the data to be shown (tribe or tribal group).

3. Tables for Co-Author Supplemental Poverty

This was approved.

4. SAHIE Request

This was approved.

Disclosure Review Board Minutes

1. 2010 Census Special Report on CBSAs
This was approved.

2. Census MMR Question
This was approved.

3. 2010 IA Tabulations
This was approved.

4. Small Area Estimates of Crime
This was approved.

5. ACS VA data
This was approved. The data will be rounded as all ACS special tabulations. There must be at least an average cell size of three unweighted cases in a table (this must include all variables in the table). Only the five year data will be used.

6. ACS ST316
This was approved. The data will be rounded as all ACS special tabulations. There must be at least 50 unweighted cases in each neighborhood. Geographic areas must be checked for any possible geographic slivers from data that has already been released.

7. Charles Hokayem request
This seems fine, but Laura will call Charles to ensure that none of the percentages are close to 0% or 100%.

8. ACS HHS follow-up from the last meeting
This was approved. This is five year data. Anything that has been published or is derivable (exactly, not just similar) from something that has been published can be shown as is. For anything new, the cells marked with Xs will not be published, the cells with NAs will be collapsed, there must be at least 3 unweighted households in the given geographic area, and the data will be rounded as all ACS special tabulations.

This was tabled until 5/21.
2. USPTO
This was approved. The data will be rounded as all ACS special tabulations.
3. Congressional Research Service
This was approved.
4. Emergency and Transitional Shelter Pop
This was approved.
5. CPS Tobacco
This was approved.
6. Rental Housing Finance Survey
In the topcoding scheme, they are missing the category \$10,000-\$49,999. All topcodes must include at least 3 unweighted cases. What is the frame?
7. PPCS
They should topcode the number of people in the car and the number of contacts with the police. What are the plans to do with the "Other....specify" questions? What are the race categories on the PPCS versus the NCVS (could there be overlap problems between the surveys if someone can link them)?
8. 0898 Fletcher
This was approved.
9. Todd Gardner's request
This was approved.
10. School Crime Supplement
This was approved.
11. ACS ST075-50
This was approved via email after the meeting.

Disclosure Review Board Minutes
5/21/12

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Bob Sands, Greg Weyland

1. EEO tables
This was approved.

2. 2006-2010 ACS migration flow products
This was approved. They may apply the 50 unweighted cases threshold directly to the new categories of "Other race alone or Two or more races" and "Other races, not Hispanic or Latino".

3. 2011 AHS PUF
This was tabled. Some members did not receive the request. We will ask for counts by single year of age.

4. 2010 Census of Island Areas revision
We will show the new tables for race groups with 100 cases or more (decided after the meeting via email).

5. 2010 CPH-T-4 Households/Families
This was approved.

6. 2011 AHS PUF 1990 Based Weights
This was tabled. Several members did not receive the request.

7. ARTS 128 Denny Vaughan
This was approved.

8. ACS ST318 – New Orleans
This was approved. DRB rules for means and medians will be followed. The data will be rounded as all ACS special tabs. There must be at least 50 unweighted cases (people) in a given geographic area for the data to be shown.

9. ST075-51
This was approved. The data will be rounded as all ACS special tabulations.

10. 2010 Operational Counts in Planning Database
This was approved.

11. Hokayem Request
This was approved.

12. Gathright Request

Counts of 1s and 2s should be either suppressed (and complementary suppression applied) or collapsed.

13. SIPP 2008 Wave 8

This was approved after the meeting via email.

Disclosure Review Board Minutes
6/4/12

Attendees: Marie Pees, Laura Zayatz, Philip Steel, Judy Eargle, Arnie Reznick, Rebecca Rubiera, Susan Bucci, Mark Asiala, Bob Sands, Greg Weyland

1. ACS 2011 1-year PUMS
This was approved.

2. ACS 2006-2010 ST319 AARP
This was approved. DRB rules for medians will be applied. The data will be rounded as all ACS special tabulations.

3. Replicate weights for 2011 AHS-N PUF
This was approved.

4. 2011 AHS PUF
For data quality purposes, they should look at the distribution of age by sex before and after perturbation. Laura will let Aref Dajani know. If no data quality problems exist, then this is approved.

5. American Cancer Society request
This was approved.

6. The Comb
They should look at other alternatives. They should check address range information to geocode using the 2010 Census TIGER/Line Shapefiles. They should also check the block relationship file between Census 2000 tabulation and 2010 Census tabulation. They will get back to us.

7. ACS 2006-2010 VA Health Care
This was approved. The data will be rounded as all ACS special tabulations.

8. SIPP-EHC transcripts
We will ask the Privacy and Legal Offices about this. Members were still concerned about this request. There were some exact dates, exact wages, company size, and professions. Members also feel that some important things could easily, accidentally be missed in trying to scrub this data. After the meeting, Laura and Rebecca met with staff from the Legal Office who said the transcripts may not be publicly released. They should be treated as completed forms and are protected in their entirety under Section 9.

9. IOSB tables
This was approved. The data will be rounded as all ACS special tabulations. DRB rules for medians, means, and quantiles will be applied. No minimum or maximum values will be shown. They should check to see that there are no zeros for nurse practitioners but

non-zeros for midwives in single years of age. If there are, that issue will need to be addressed.

10. Wisconsin sewer districts

This was approved. The data will be rounded as all ACS special tabulations. DRB rules for medians will be applied. There must be at least 5 unweighted households in each district for the data to be shown.

11. 2010 NSCG Old Cohort

This was approved.

12. 2010 NSCG New Cohort

This was approved.

13. 2011 Fish, Hunt, and Wildlife

This was approved. The topcoded value for NUM_F and NUM_H can remain at 5.

14. Preliminary replicate weights for NSCG

This was approved via email after the meeting.
