AUG 1 2006

This is in response to your letter of June 10, 2006, requesting information under the Freedom of Information Act (FOIA). Under Department of Defense rules implementing the FOIA, published at 32 CFR 286, your request was categorized as "other."

Enclosed is a computer-generated bibliography prepared by matching the subject terms or keywords listed in your request against our database (i.e., *Project East River*). The bibliography may contain some documents that do not apply to the specific subject area(s) in which you are interested; however, to eliminate any of the key search terms would also eliminate documents that do apply to your subject area(s) of interest.

The bibliography contains unclassified descriptions of classified and/or unclassified/limited distribution documents related to your request. These documents may only be released by the controlling activity. Requests for these documents should be forwarded to the controlling activity, usually identified in the Distribution Statement field of the citation. This office upon request can research documents with no controlling activity identified.

To date, the search effort related to your request has required 1 hour of professional level time at \$44 per hour. It is estimated that another 1-3 hours would be required to search our manual card file. If you still want a manual search conducted, please forward your willingness to pay search fees which might be incurred beyond the 1 hour of search time remaining at no charge. There are no assessable fees for services from the Defense Technical Information Center at this time.

Please understand that other members of the public may submit a FOIA request for copies of FOIA requests received by this office or the names of those who have submitted requests. Should such occur, your name and, if asked for, a copy of your

request will be released; however, your home address and home telephone number will not be released. Other private citizens who have obtained your name by using such a request may contact you. However, correspondence from the Defense Department about your request will be on official letterhead. Please call me at (703) 767-9194 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Kelly D. Akers".
