Re: Freedom of Information Act Request #08-0034

We are further responding to your November 6, 2007 request for information under the Freedom of Information Act (FOIA), which was received by this office on November 13 and perfected on that date.

Your request seeks the records described below:

1. An electronic copy of the FOIA case logs for the time period FY2005, FY2006, and FY2007 to date.
2. A list or index of special studies, research studies, or white papers or other comparable documents (whatever they may be called).

In response to item #1 of your request, we are releasing, in part, Amtrak's FOIA logs for FY05, FY06, and FY07 on the enclosed compact disk (CD).

The names of Amtrak employees to whom the requests were referred have been redacted in the column identified as "Referred to." The names of first-party requesters and other individuals identified in the log have also been redacted. The names of these individuals are being withheld pursuant to exemption 6 of the FOIA on the basis that disclosure would constitute a clearly unwarranted invasion of the personal privacy of these individuals. Your request asks that Amtrak include the addresses and phone numbers of businesses listed in the log. Amtrak does not include the phone numbers and addresses of requesters, whether businesses or private citizens, in its logs.

In your request, you also asked that Amtrak include as many fields as practical, including the disposition information, subject of the request, notes, etc. We have provided the date that the request was received by Amtrak, the date that the request was completed, the date that the records were released to the requester, the date payment was received, the name of the requesting party, the subject of the request, the numbers of the response letters, the fee status, applicable exemptions, the processing track to which the request was assigned, and the disposition of the

March 3, 2008

Page 2

request. To the extent that notes exist, they are sporadic in nature, kept for reference of the FOIA Officer, and are personal records that are not shared with other members of Amtrak's staff. They have therefore not been provided.

With regard to item #2 of your request, Amtrak conducted a search of offices that might reasonably be expected to have records responsive to this portion of your request. Responsive records that may be of interest to you are located on Amtrak's website, www.amtrak.com under the headings "Other Reports," "Critical Link," "Amtrak Information," and "Business Strategy and Strategic Initiatives." No other documents were located as the result of our search for records responsive to this portion of your request.

Pursuant to Amtrak's FOIA regulations (49 CFR 701.10), if you wish to appeal Amtrak's determinations described above, you may file an appeal with Eleanor D. Acheson, Vice President, General Counsel and Corporate Secretary, within thirty days of the date of this letter, specifying the relevant facts and the basis for your appeal. Your appeal may be sent to Ms. Acheson at the above address.

Your request has been classified as category IV – that is, a request other than for commercial use, from a representative of the news media, or from an educational or noncommercial scientific institution. Requesters in this category are entitled to the first two hours of search time and the first 100 pages of reproduction free of charge. There is therefore no charge for processing your request.

If you have any questions regarding the processing of your request, please feel free to contact me at 202/906-2728. For ease of reference, this request has been assigned tracking #07-0022.

Yours truly,

A handwritten signature in black ink, appearing to read "Medaris Oliveri", written over a horizontal line.

Medaris Oliveri
