OFFICE OF SURFACE MINING  
RECLAMATION AND ENFORCEMENT  
Washington, D.C. 20240

OCT 11 2007

REF: OSM-2007-00071

Thank you for your Freedom of Information Act (FOIA) request, dated July 29, 2007, and received in our office on August 7, 2007. Your request was for:

**“Under the provisions of the Freedom of Information Act, could you please send me an electronic copy of the FOIA Case Logs for your office for the time period FY2005 and FY2006 and FY2007-to-date.”**

We have located, 169 records, comprising 19 pages, responsive to your request, which we are enclosing. Portions of these documents contain names (including names of likely unsuccessful job applicants), home addresses, and privacy information related to personnel matters and have been withheld and redacted pursuant to Exemption 6 of the FOIA (5 U.S.C. 552(b)(6)). These redactions appear on the following pages:

2005-2007 Open - Page 1  
2005-2007 Completed – Pages 1, 2, 3, 5 and 8

Exemption 6 allows an agency to withhold “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” 5 U.S.C. § 552(b)(6). The courts have held that the phrase “similar files” involves all information that applies to a particular person.

When disclosure of information about a particular individual is requested, the courts have decided that it is necessary for us to determine whether release of the information would constitute a clearly unwarranted invasion of the individual’s privacy. To make this determination, we are required to perform a “balancing test.” This means that we must weigh the individual’s right to privacy against the public’s right to disclosure. First, we must determine whether the individual has a discernable privacy interest in the

**TAKE PRIDE<sup>®</sup>**  
**IN AMERICA** 

information that has been requested. Next, we must determine whether release of the information would serve the “public interest generally” (i.e., whether it would “shed light on the performance of the agency’s statutory duties”). Finally we must determine whether the public interest in disclosure is greater than the privacy interest of the individual in withholding.

We have evaluated your request under this “balancing test.” The information, being withheld, includes names of unsuccessful job applicants, home addresses, and privacy information related to personnel matters. Additionally, we have determined that the disclosure of this information would shed little or no light on the performance of the agency’s statutory duties and that, on balance, the public interest to be served by its disclosure does not outweigh the privacy interest of the individuals in question, in withholding it.

In short, we have determined that release of the information that we have withheld would constitute a clearly unwarranted invasion of the privacy of these individuals, and that, therefore, it may be withheld pursuant to Exemption 6.

In addition to myself, this decision was made in consultation with Emily Morris, Attorney-Advisor, Branch of Surface Mining, Office of the Solicitor.

Under 43 CFR 2.28(a)(1), you may appeal this partial denial to:

Freedom of Information Act Appeals Officer  
Office of the Solicitor  
1849 C Street, NW  
MS 6556-MIB  
Washington, D. C. 20240

Your appeal must be received within 30 days after the date of this letter. The appeal should be marked, both on the envelope and the face of the appeal letter, with the legend “FREEDOM OF INFORMATION APPEAL.” Your appeal should be accompanied by a copy of your original request and this letter, along with a brief statement of the reasons why you believe this initial decision to be in error.

The fee incurred in responding to your request is less than \$30 and is not being charged in accordance with 43 CFR 2.16(b)(2) and 2.18(a).

This completes our response to your request within the Office of Surface Mining Reclamation and Enforcement.
