CERTIFIED MAIL – RETURN RECEIPT REQUESTED

05-13-2008

Re: PHMSA FOIA Ref. No: 2008-0002

This letter responds to your October 11, 2007 Freedom of Information Act (FOIA) request to the Pipeline and Hazardous Materials Safety Administration (PHMSA) for a copy of PHMSA's FOIA case logs for the time period FY2004, FY 2005, FY2006, and FY2007 through the present.

PHMSA has completed its search and is enclosing records of the FOIA logs you requested. Some of these records contain personal information that is protected under FOIA exemption 6. Exemption 6 protects personal privacy. The protected portions have been marked in the records.

The fee for processing your FOIA request is $14.70. This fee is for duplication costs at 10 cents a page for a total of 247 pages, with the first one hundred pages free of charge. The fee is determined in accordance with the Transportation Department's regulation governing the implementation of FOIA. Payment is due on the date of receipt of the material. If remittance is not received within 30 days from the date of receipt of this letter, the Department may institute collection action pursuant to Federal debt collection statutes. These statutes provide for late charges of 3 percent per annum, penalty charges of 6 percent per annum, and administrative charges of $12 per month that will be accessed retroactively for handling a delinquent debt owed the government.

You may pay for FOIA requests by using one of the two options:

1. PHMSA implemented an electronic service to help our customers submit payments to the Government over the Internet. The service allows customers to pay FOIA payments with a credit card over the World Wide Web. Access is easy and the result is faster. You can access the system at the following address: http://diy.dot.gov. The FOIA section is located under the PHMSA Hazmat heading;

2. Payment can also be made by check, draft, or money order made payable to the "Treasury of the United States" and send to the following address:

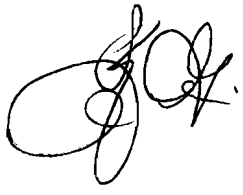
PHMSA FOIA Collection Clerk, DOT, FAA
Mike Monroney Aeronautical Center
P.O. Box 25770, AMZ-300
Oklahoma City, OK 63216

Please insert "PHMSA FOIA Case# 2008-0002 on your remittance to assure correct posting of your account

I am responsible for this determination. You may appeal this determination in writing to Carl T. Johnson, Administrator, Pipeline and Hazardous Materials Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590. Any appeal must be submitted in writing within 30 days after you receive this determination. It should contain all information and arguments that you wish to rely on. The envelope should be prominently marked "FOIA Appeal." Administrator Johnson's determination will be administratively final.

Sincerely,

Kia Gaskins
FOIA Coordinator



Enclosure

Subject of Request : Case = 06040514: Gerald W. Livingston for The Livingston Law Firm P.C. requests copies with possible supplements (graphs, charts, etc.) of written plans and corrective measures submitted by Natural Gas Pipeline Company of America, subsidiary of Kinder Morgan, Inc., to the OPS in response to the CAO CPF 4-2005-1011H as well as all OPS reports incident to the above order. The CAO was issued following the failure on NGP pipeline in Harrison County, TX on 5/13/05. The failure resulted in an explosion, fire, and release of approx. 280 MMCF of natural gas. The explosion damaged nearby electric power plant, many privately owned houses, as well as caused significant health problems for people living in that area. Also requests a copy of the summary of a high resolution digital Magnetic Flux Leakage test results performed by NGP in 2001 on Pipeline #3.

OFFICE REPORT (Detailed)

Subject of Request : Requesting historical information pertaining to hydrocarbons contamination from historical refineries operations in the city of Hartford, Illinois in Madison County. I would like to request information from the period January 1, 1900 to November 14, 2006. I would like to receive the information in paper format but would also prefer electronic format if that is available. I am willing to pay fees for up to a certain amount, and I am willing to take into consideration paying for advance authorization.

Please provide the following information that is applicable to and available from your appropriate FOIA sector:

- Release and spill history (going back to early 1900¿s if possible) at Amoco/BP refinery or of events affiliated with the refinery

- Ground water and soil contamination at Amoco/BP refinery (types of contaminants, levels of contamination, comparison to applicable thresholds, etc.)

- Results from ground water and soil sampling conducted at Amoco/BP refinery after installation of the monitoring wells (to compare changes in contaminant levels over time)

- Complaints made against the Amoco/BP refinery about odors, spills, etc.

- Environmental site assessments and audits conducted at the Amoco/BP refinery

- Detailed maps of Amoco/BP-only pipelines including where these pipelines travel into and out of the refinery as well as the history of releases and spills from these pipelines

- Information about if and when Amoco/BP operated pipelines shared with the other refineries and if so which of these pipelines were operated as well as the history of releases and spills from these pipelines

- History of ownership of the 10¿ Atlantic Richfield Company/Sinclair pipeline running along Olive Street as well as construction and ownership permits, results from all integrity tests conducted, etc.

- Information about releases and spills in the 10¿ Atlantic Richfield Company/Sinclair pipeline since its conversion/installation in 1979-1980 but in particular from the following dates: 3/15/78, 10/16/78, 1/8/81, 4/10/81, 7/12/81, 6/7/82, 11/5/82, and 11/10/82

- Complaints made against the 10¿ Atlantic Richfield Company/Sinclair pipeline about odors, spills, etc.

- Ground water and soil contamination along the 10¿ Atlantic Richfield Company/Sinclair pipeline (types of contaminants, levels of contamination, comparison to applicable thresholds, etc.)

- Results from ground water and soil sampling conducted along the 10¿ Atlantic Richfield Company/Sinclair pipeline (to compare changes in contaminant levels over time)

- Complaints made against the 10¿ Atlantic Richfield Company/Sinclair pipeline about odors, spills, etc.

- Environmental site assessments and audits conducted on the 10¿ Atlantic Richfield Company/Sinclair pipeline
