GSA Office of Management Services

January 31, 2008

This is in response to the Freedom of Information Act request you submitted to the General Services Administration for copies of our FOIA case logs for FY 05, 06 and 07.

I have enclosed copies of the logs for FY 05 and 06, as they are only available in hard copy. The case log for FY 07 will be sent to you electronically.

Sincerely,

A handwritten signature in black ink, appearing to read "Sharon V. Lighton".

Comments: I am the Chairman of the local Board of Directors for the Central Texas CASU, based in the Dallas/Fort Worth Metro area, which is a branch of the Southeast Regional CASU based in Florida. I am very disheartened and quit aggravated at the intended early termination of our MOA by SER CASU's hot agency, the Central Texas Veteran's Health Care System at Temple, TX. We understand that you have been presented with a business proposal from Ms. Yvette Waugh, Acting Executive Director of the National CASU Program, recommending that GSA assumes the role of host agency for the SER CASU. I and the local Board cannot stress enough that urgent nature of this request, and ask for your immediate consideration and approval of Ms. Waugh's recommendations. Comments: Requesting VOIP implementation and/or service management contracts (i.e. Statement of Works) that have been negotiated between federal state agencies and private contractors. Ideally, we would like a copy of a Statement of Work or Task Order (and any related contract documents) where the federal agency procured VOIP implementation or management services from a vendor. A large scale implementation or management would be preferable (e.g. over 1000 phones converted).

Comments: On behalf of Mr. Dr. Ellis Breskman, President and CEO of Z Technologies Corporation, regarding difficulty utilizing a response from the GSA dated October 5, 2006, I am having trouble utilizing your response. When I followed the suggestions outline in Bradley M. Scott letter dated October 5, 2006, I could find no mention to a solicitation for our special product. Additionally we need to know how to become an approved supplier.

Comments: The Memorandum of Understanding (MOU) that I signed in January of 2005 with the former Administrator of GSA, Stephen Perry, shows that SSA firmly supports the E-Gov Travel initiative. I have stated in the MOU and in several subsequent letters that SSA will migrate to an E-Gov Travel system when SSA and GSA agree that the systems are stable and can handle SSA's volumes. Until the issues that we discussed in our meeting are resolved, I cannot agree to award a task order. I propose that SSA and GSA amend the MOU to extend the task order award date to June 30, 2007.

Comments: Today, Mayor Martin Chavez of the City of Albuquerque, informed me that the U.S. General Services Administration (GSA) will soon attempt to sell the Former VA Hospital, Tract B (2800 Block of Ridgecrest SE Albuquerque, New Mexico otherwise known as "Bullhead Park") at a public online auction. Based on the facts that have been presented to me and my staff, I urge you to postpone the auction of Bullhead Park and ultimately allow the City of Albuquerque to acquire this property for use as a public park.

Comments: I am writing to express my concern over a proposed rule on the sale of government property through the General Services Administration (GSA) as part of the e-Government initiative. It is my understanding that the proposed rule is currently under discussion between the GSA and the Office of Management and Budget (OMB) and that GSA may seek to publish the proposed rule in the Federal Register in the coming weeks.
Due to my serious concern over this rule, I respectfully request that you table the publication of the rule until our Government Management, Finance, and Accountability Subcommittee has had the opportunity to further discuss its ramifications and we are convinced that it will, not negatively impact the thriving private sector businesses currently working with government agencies in the sale of surplus government property.

Comments: I was referred to you through the office of Congressman Bobby L. Rush, who is an avid supporter of our quest to preserve the legacy and archives of Congressman Ralph H. Metcalfe (1910 - 1978). Our primary goal is to process the 320 cartons of archives Congressman Metcalfe left. Our most immediate need is a suitable work site. Several people have suggested that we should obtain space in the Ralph H. Metcalfe Federal Building here in Chicago, but its Property Manager, Melissa Mededa, advises that currently they are at full capacity. This letter is to inquire if GSA might have other space available. Attachments: 1168974282001.TIF, 1169150315692.TIF, 1169553863805.TIF... Comments: This missive is in regards to FEDSIMS's untimely payment to DC Information Systems, Inc. (DCIS). It is my understanding that in the terms of payment, invoices are to be paid with thirty-days of receipts and I have been informed that DC Information System has offered FEDSIM a 3 percent discount for services rendered on all outstanding invoices. Mr. Wayne Carter, President of DCIS would like to resolve this matter as expeditiously as possible. Attachments: 1169046193370.TIF, 1169223005572.TIF, 112238 - GREGORY W. MEEKS REWRITE.PDF... Comments: permission to use data collected in surveys and interviews as a result of evaluating the Leadership for New Supervisors Program in order to complete a dissertation titled "Evaluation of the Leadership for New Supervisors Program for a Government Agency".

The individuals who will be contacted for the surveys/ interviews include past, current, and future participants in the LNS program, their managers, and supervisors, Training Administrators, and program analysts associated with the program. No names will be used in the reports and GSA's name will not be mentioned in the study. The evaluation is being conducted as part of my responsibilities as the project manager. I have a responsibility to evaluate my program. All of the data reported will be statistical information based on employee's perception of how effective the course is.

Comments: Requesting a copy of this task order and obtain information concerning the recompute of this task order.

Ideally I would prefer to receive a copy of the of current task order if it rests in the public domain, if not, then I would submit a FOIA request (via my contracts rep, Ms. Pat DaSilva).

Several questions: 1) Does this current Task Order (T0002AJA011) rests in the public domain? 2) Does a previous version (similar Statement of Work) rests in the public domain? 3) Where do I obtain information concerning the upcoming recompute?

Comments: According to the reading I had done on the ID Management website (http://idmanagement.gov/drilldown.cfh?action=sin_13262), applicants seeking to gain SIN 132-62 accreditation status need to submit an qualification package. I am requesting copies of all submitted and approved qualification packages.
Hopefully this clarifies my request.

Comments: Requesting all service contracts, whether in paper or electronic form, awarded by the U.S. General Service Administration for FTS 2001, the federal telecommunications service contract. According to the Federal Procurement Data Service website, such information contract terms must be obtained through the Freedom of Information Act. See <http://www.fodsnzcom/uestions.html>.

Specifically, we would like copies of all relevant documents containing price and rate information for fiscal years 2001 through 2006 for each of the various telecommunications services provided under these contracts, such as voice communications, data transmission (secured data transmission) and Internet connections, to U.S. Customs and Border Protection (?CBP?), whether for its own facilities at Ports of Entry or other facilities at which CBP operated in the cities set forth below (for which the costs of the service was passed onto the express consignment carriers for reimbursement).

I am seeking electronic copies of all federal contract files in zipped XML format for FY04 and FY06 that are listed on the following URL:

http://www.fpds-ng.com/ddps/default.asp

I have attempted to download the files, but have been told that several can only be downloaded from a computer on the GSA network. I have brought the matter to the GSA's attention with no response. Therefore, I am asking that these files be transferred from the GSA network to DVD and mailed to me.

As I am a journalist for The Associated Press, the world's largest newsgathering organization, and am making this request in that capacity, I am requesting a waiver of all search and duplication fees. Should you deny this request, please let me know so that I may appeal your decision.

Comments: Info: 1. When the Department of Transportation rented the Nassif Building for their headquarters in Washington, DC, how much was the rent? how long did they rent the space? How much total money was spent on renting that space? What, if any, were the renewal options in the lease?

2. How much money did DOT have to spend on the new headquarters in Southeast Washington DC on New Jersey Ave at M street? What is the year rent for that building? What, if any, are the renewal options for that building?

Comments: Pursuant to the Freedom of Information Act, 5 U.S.C. ? 552, 1 request copies of documents discussing the prime contract clause used to restrict cost-plus-a-percentage-of-cost subcontracts. In particular, I request documents discussing the language providing that ?no subcontract... placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis.? This language presently exists at FAR 52.244-2(g). We have also located similar language in ASPR/DAR 7-104.23(f) and ASPR/DAR 7-203.8(d) at least as far back as the April 1967 versions of those clauses. I seek copies of all records and/or documents, including the case files, which reflect the history of the development, including all amendments, of the contract clause language noted above.

- The specific names of the firms that were coded as small businesses for FY 2005 and the specific dollar amounts that were awarded to those firms. The contract total for firms from FY 2005 should total \$75.1 billion as released by the Small Business Administration on August 16, 2007.

- The specific names of firms that were coded as small businesses for FY 2006 and the specific dollar volume of contracts that were awarded to those firms. The contract for firms from FY 2006 should total \$77.8 billion as released by the Small Business Administration on August 16, 2007.

A response from you that indicates that this information is available on FPDS-NG will not be acceptable since the information is not readily available with the current search functionality. The specific names of the firms the government was referring to when they announced their small business contracting levels for FY 2005 and FY 2006 cannot be ascertained. We will not accept a response that indicates the information is available on FPDS-NG because it is not readily available with the current search functionality.

I am willing to pay fees for this request up to a maximum of \$ 1000. If you estimate that the fees will exceed this limit, please inform me first.

Comments: I am a small dealer in Southern California and I am considering attending the GSA vehicle auction in Billings, MT. I would love to see a market report of the vehicles sold there during your last auction so that I can plan my trip accordingly as well as financially in bringing the vehicles back to California. I believe you had an auction there this last Friday. And I am particularly interested in all of the Chevy Tahoes, Chevy Classics/Malibus, Chevy Silverados. But if possible all vehicles sold.
