FOIA Case: 51595A
24 July 2007

This responds to your Freedom of Information Act (FOIA) request of 27 September 2006 which was received by this office on 10 October 2006, for the NSA FOIA Case Log covering the 1 October 2005 through 1 October 2006 timeframe (excluding Privacy Act requests and referrals). A copy of your request is enclosed. Records from 2005 were provided to you in our 27 October 2006 initial response. Processing of the remainder of your request has now been completed under the FOIA, and the 2006 records you requested are enclosed. Certain information, however, has been deleted from the enclosures.

The names of NSA/CSS employees have been deleted from the enclosure. This information is exempt from disclosure pursuant to the third exemption of the FOIA which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 402 note).

In addition, some of the information has been deleted from the enclosure pursuant to the fifth exemption of the FOIA. This exemption applies to inter-agency or intra-agency memoranda or letters which would not be available by law to a party in litigation with the agency, protecting information that is normally privileged in the civil discovery context, such as information that is part of a predecisional deliberative process or attorney-client privileged information or attorney-client work product.

Information regarding other individuals has been deleted from the requested enclosure in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information which would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption. In addition, information regarding first party requesters has been redacted as non-responsive.

Since these deletions may be construed as a partial denial of your request, you are hereby advised of this Agency's appeal procedures. Any person denied access to information may file an appeal to the NSA/CSS Freedom of Information Act Appeal Authority. The appeal must be postmarked no later than 60 calendar days from the date of the initial denial letter. The appeal shall be in writing addressed to the NSA/CSS FOIA Appeal Authority (DJ4), National Security Agency, 9800 Savage Road STE 6248, Fort George G. Meade, MD 20755-6248. The appeal shall reference the initial denial of access and shall contain, in sufficient detail and particularity, the grounds upon which the requester believes release of the information is required. The NSA/CSS Appeal Authority will endeavor to respond to the appeal within 20 working days after receipt, absent any unusual circumstances.

Sincerely,

FOIA Case: 52921A
23 July 2007

This further responds to your Freedom of Information Act (FOIA) request of 27 May 2007 for a copy of the NSA FOIA Logs covering FY2006 (October 2005 to September 2006) and FY2007, to-date (October 2006 to March 2007). For purposes of this request and based on the information you provided in your letter, you are considered an "all other" requester. As such, you are allowed 2 hours of search and the duplication of 100 pages at no cost. There are no processing fees for this request.

As you know, in the past, our office generated a log every six months that included the FOIA requests received within that six-month period. In July 2006 we began generating the reports every three months, or each quarter of the fiscal year. The logs contain case number, requester's name, subject of request, origination date, and case disposition, but not the requester's company affiliation or group they represent. In addition, the logs do not contain first-party requests or referrals from other agencies, as this type of information is more complex and requires a lengthy review and/or coordination with external agencies that results in an extensive waiting period for the requester.

Please be advised that you have already requested the NSA FOIA logs for FY2006 and for October 2006. Those FOIA logs have been or are being processed through your earlier FOIA requests (FOIA Cases 51595 and 51825). Therefore, this letter only responds to the portion of your request for FY2007 FOIA logs, less the month of October 2006, which has already been processed.

The FOIA logs for November and December 2006 and the second quarter of FY2007 (January – March 2007) have been processed under the provisions of the FOIA, and the material is enclosed. Certain information, however, has been deleted from the enclosures.

The names of NSA/CSS employees have been deleted from the enclosures. This information is exempt from disclosure pursuant to the third

exemption of the FOIA which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 402 note).

Information regarding other individuals has been deleted from the enclosures in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information which would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption.

Since these deletions may be construed as a partial denial of your request, you are hereby advised of this Agency's appeal procedures. Any person denied access to information may file an appeal to the NSA/CSS Freedom of Information Act Appeal Authority. The appeal must be postmarked no later than 60 calendar days from the date of the initial denial letter. The appeal shall be in writing addressed to the NSA/CSS FOIA Appeal Authority (DJ4), National Security Agency, 9800 Savage Road STE 6248, Fort George G. Meade, MD 20755-6248. The appeal shall reference the initial denial of access and shall contain, in sufficient detail and particularity, the grounds upon which the requester believes release of the information is required. The NSA/CSS Appeal Authority will endeavor to respond to the appeal within 20 working days after receipt, absent any unusual circumstances.

Sincerely,

FOIA Case Dispositions

Disposition:	Description:
Admin Closure (AC)	Administratively closed by the FOIA Office when the requester has not complied with the law or established regulations
Requester Did Not Respond to Request for Clarification (CLARIFY)	Requester does not respond to a request for clarification of what he/she is seeking.
Duplicate Request (DUPE)	Duplicate request; e.g., either a mailed copy of an earlier faxed request, or multiple internet requests because requester hits the submit button more than once
Requester did not respond to fee letter (FEE)	Requester does not pay incurred fees.
Full Denial (FD)	Everything that the requester sought is denied.
Neither Confirm nor Deny (GLOMAR)	Response neither confirms nor denies the existence of responsive records (for all or part of the request)
Granted in Full (GF)	The requester is provided with everything requested, and no information is withheld/protected.
Negative (NEG) OR No Records (NR)	No records were located for all portions of the request.
Not Within Purview (NP)	The subject of the request does not fall within NSA's mission.
Partial Denial (PD)	Part of what the requester sought is denied.
Withdrawn (WD)	Requester advises in writing or by phone that he/she is no longer interested in pursuing the request.
No Disposition	Case was not completed at the time the log was created.

The fact that a disposition is listed for a case in a FOIA Log report does not always indicate that the case has been completely processed. A disposition that pertains to only one part of the request may have been selected during preliminary processing of the request. Likewise, a reviewer may preselect a disposition while processing the case. That final disposition may be changed once the case has been completed.

Confirmation as to whether or not Mr. Gotcher did work for NSA and did he or did he not see the "internal report" which is enclosed. 2. (1) On January 3, 003, by email, Mr. Gotcher claimed: "At the time the Liberty was attacked (8 June 1967) I was working for the Air Force Component of NASH." (believed to be a typographical error for NSAH) (2) "After my discharge, I worked for the agency (NSA) at Fort Meade." (3) "I saw the internal report of the attack." Request a copy of the NSA top secret report titled "Report to the NSA Director, USS Liberty (AGTR-5) 23 May - 8 June 1967", or any other NSA "internal report of the attack". 3. In paragraph 10 of Mr. Gotcher's declaration under penalty of perjury dated September 2, 2003 he claims, "A few days after the report arrived, (that would be June or early July 1967) another message came through directing the document control officer to gather and destroy all copies of both the rough and final intercept translations, as well as the subsequently issued report." I request a copy of the NSA message to the document control officer of the United States Air Force, 6924 Security Squadron at DaNang, Vietnam, directing the gathering and destruction of the translations and report or in the alternative a simple statement that no such message existed or was sent. DISPOSITION

50449	24-May-2006	A. Cristol	<p>REQUEST ONE: The first request relates to conflicting public statements made by one James Ronald Duplicate Request Gotcher, III. (Mr. Gotcher claims that he served as a sergeant in the U.S. Air Force from 1964 to 1968 and thereafter worked for NSA at Fort Meade.) Copies of both his statements are attached. If the September 3, 2003 declaration made by Gotcher, under penalty of perjury, is accurate and he never worked for NSA and thus never saw any NSA "internal report on the attack", a simple one line confirmation that he never worked at NSA would render moot the request for the "internal report" other than the report to the NSA director described in request two. REQUEST TWO: On January 3, 2003, by email, Mr. Gotcher claimed: 1. "At the time the Liberty was attacked {8 June 1967} I was working for the Air Force Component of NASH." {Believed to be a typographical error for NSAH.} 2. "After my discharge, I worked for the agency {NSA} at Fort Meade." 3. "I saw the internal report on the attack." I request a copy of the NSA top secret report titled "Report to the NSA Director, USS Liberty (AGTR-5) 23 May - 8 June 1967", or any other NSA "internal report of the attack". For clarification, I am not requesting the NSA cable to the White House sent 22 June 1967 which was previously released to me in FOIA request 40039 nor am I requesting the NSA 1981 United States Cryptologic History - "Attack on a Sigint Collector, The U.S.S. Liberty (S-CCO) which has been substantially declassified on July 2, 2003 and posted on the NSA website on July 8, 2003. (See NSA web page attached.) REQUEST THREE: In paragraph 10 of Mr. Gotcher's declaration under penalty of perjury dated September 2, 2003 he claims "A few days after the report arrived, {that would be June or early July 1967} another message came through directing the document control officer to gather and destroy all copies of both the rough and final intercept translations, as well as the subsequently issued report." I request a copy of the NSA message to the document control officer of the United States Air Force, 6924 Security Squadron at DaNang, Vietnam, directing the gathering and destruction of the translations and report or in the alternative a simple statement that no such messages existed or was sent. It is my belief that requests one and three can probably be answered with two sentences: Re: 1 Mr. Gotcher was never employed by NSA. Re: 3 NSA never sent a message to the document control officer of the USAF 6924 Security Squadron directing the gathering and destruction of the translations and report relating to the attack on the U.S.S. Liberty.</p>	(b) (6) Non - Responsive
